Organize Your Story

Before you write a story, organize your thoughts.

- ■ use key words like **first, next, then and finally** to organize the main events of your story in the order that they happen.

- ■ tell **who, what where, when** and **why**

- ■ add supporting details by describing events through your five senses: **sight, hearing , taste, touch** and **smell**

Choose a special day, adventure, or experience that you would like to write about. Write a title for your story, organize main events and list supporting details for each event.
